

Leta Hutto

My name is Leta Sue Hutto. First, I give all Glory and Honor to God for what He has brought me out of. I have been incarcerated four times. My last time ended in 2010. I had made a decision to go to a halfway house in another city. Three days after I got there, the supporters of the house pulled out. I was able to remain in the house for nearly a month. Another agency helped me get an apartment. I was able to go to work and am now taking online college courses. This has been a challenge because I never went past the 8th grade.

I have had many struggles in my life. God's grace has kept me through all of them. About twenty years ago, I was shot five times. I now have three bullets in my body and one of them has shifted and is causing me so much pain that I am barely able to work since I stand on my feet all day. I have tried to see a doctor, but since I did not have \$230.00 they refused to see me. A local clinic told me I needed surgery to have the bullet removed. My hours at work are cut all the time, and I don't make much money per hour. Some days, I'm unable to work due to my hip.

I need another way to make money, and this is why I want to be a consultant for Ambit Energy, but I don't have the startup costs. Since coming to this city, I have been able to help several people that were homeless and jobless. They stayed with me, got jobs, and eventually moved to their own apartment. It felt good to help someone in need. I want to be able to do more of this. Being a consultant for Ambit Energy will give me the money I need to give back to others. I learned this in the Texas HOPE Literacy program and also from my church. Before this, I never had a support system. They have taught me the importance of having one. I want to share this with others who are in need. When you help me, I can help someone else. My goal is to have a home for women who have no place to go. I pray that this will encourage others that no matter what age you are, you can start over!

Please Help Me Start My Business....
